

Wallace Gets Progressive Nomination; Pledges Peace

Says He Would March U. S. Army Out Of Berlin

by Douglas B. Cornell
Shibe Park, Philadelphia—(AP)—Henry Agard Wallace formally accepted tonight the nomination of the new Progressive Party and proclaimed: "If I were president, there would be no crisis in Berlin today."

He said it twice. And he invited America to march the troops out of Berlin, give it up "militarily in a search for peace."

"I am committed, Wallace said, to peaceful negotiations with the Soviet government."

"The American people want and deserve fewer Red issues and more red meat."

It was to frenzied cries for peace, on a platform of peace through dickerings with Russia, that Wallace was nominated unanimously for the presidency by zealous third party followers.

By his side, the party convention placed Senator Glen Taylor of Idaho as the vice presidential candidate. That was at a long, running session in Convention Hall at which delegates didn't let their enthusiasm sag for a minute.

They whistled and whooped and sang and stamped through the aisles with banners aloft. Or they hooted or hissed or booed. It depended in which direction the orators and nominators thundered.

They adopted a constitution to make the party permanent, with a national committee and plans for annual conventions.

They received, for formal approval tomorrow, a platform that says in 7,000 words what their party stands for and promises.

And through all the speeches and action and documents ran one main theme: the cause is peace. Wallace is the great crusader for peace.

Then tonight, the convention shifted out doors, to the Philadelphia baseball park, for Wallace and Taylor to deliver their acceptance addresses.

The new party went through some of its growing pains this morning. In between oratorical blasts at the opposition and more calls for peace, it adopted a constitution.

There are to be national conventions every year and a national committee of 180 members. Efforts to change the constitution were shouted down, but more attempts may be permitted tomorrow.

The convention goes into another session then primarily to okay a party platform that repeats a "peace, freedom and abundance" refrain.

What was in the 6,500-word document already was well known before it was finished last today.

The big peace plank says the party:

"Demands negotiation and discussion with the Soviet Union to find areas of agreement to win the peace."

Nominating Taylor, Larkin Marshall, Macon, Ga., Negro newspaper editor, told the convention the Idaho senator "passes the hardest test to which I can put him."

"He has lifted human rights above states' rights," Marshall declared. "Truly, this man is close to the people."

Young Man Found Dead After Friend Commits Suicide

Chicago, July 24—(P)—A young man plunged 23 floors to his death from a north side hotel today and police who went to his home found his roommate tied to a chair and shot to death.

Floyd H. Altgott, 23, plunged from a 23rd floor cocktail lounge in the Allerton hotel to a cement parking lot.

Police, seeking relatives, went to 157 West Elm st., on the near north side, after finding that address in Altgott's wallet. There they found Altgott's roommate, Jack Dugan, 13, fatally shot, his body bound to a chair.

Altgott was not registered at the hotel. He left a wallet, containing eight cents, a key and an identification card, on a ledge outside the 23rd floor window from which he plunged.

Dixiecrats To Run In All 48 States

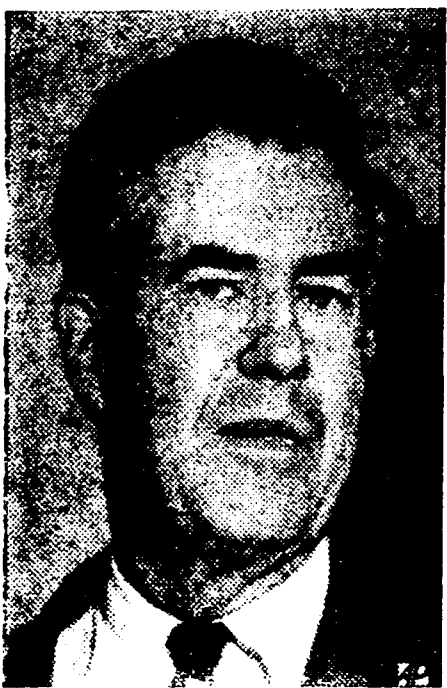

Atlanta, July 24—(P)—The issue of states' rights today drove some angry southern Democrats to form a fourth party. They will try to enter a presidential slate in all states.

The decision was reached at a meeting of the states' rights Democrats steering committee.

The action was announced in a formal statement released through George McNamee, press secretary to Gov. Strom Thurmond of South Carolina.

Thurmond was recommended at the Birmingham states' rights convention July 17 to carry the South's fight on civil rights against President Truman.

Five Duluth Ballplayers Die In Bus Accident, Fire

St. Paul, July 24—(P)—A head-on highway crash and ensuing fire today killed five men, four of them members of the Duluth club of the Northern Baseball league. Fourteen other team members were injured, seven critically.

The baseball players were riding in a Duluth team bus piloted by the club manager when it and a dry ice truck collided on a rise in highway 36 on the north edge of the St. Paul city limits shortly before noon.

The bus, hurled onto its side in the ditch, burst into flame, its gasoline tank ruptured.

Passersby Save Ten

Authorities credited passersby with saving the lives of at least 10 of the players by pulling them from the wreckage. Several were unconscious. All but three of the bus' 18 occupants were out of the vehicle when intense heat drove the rescuers away.

The Ramsey county morgue gave out the following death list:

George Treaswell, 42, Superior, Wis., manager of the team.

James E. Grealish, St. Paul, driver of the truck.

Gerald (Peanut) Peterson, Proctor, Minn., outfielder.

Gilbert Kridala, 19, of Duluth, who played under the name of Gilbert Triolo, outfielder.

Donald Schuchman, St. Louis, pitcher.

The injured, taken to Ancker and Bethesda hospitals in St. Paul in a fleet of police cars and ambulances.

Aged Farmer Tells Of Saving Those In Burning Bus

St. Paul, Minn., July 24—(P)—Frank Kurkowski, 61-year-old farmer, witnessed the flaming terror which engulfed the Duluth baseball team following the collision of its bus and a truck near St. Paul today. He pulled five players to safety.

"I was in my field less than 300 yards away when I heard an ear-splitting crash," Kurkowski said.

"I ran toward the highway and climbed over the steep embankment along the roadway. The bus already had caught fire.

"Flames were shooting at least 15 feet high from the front end of the bus. The screams of the burned and injured were awful.

"I smashed the windows out of the rear of the bus and began to pull some of the men to safety. The inside of the bus was a bedlam.

"Within seconds motorists stopped and helped with the injured."

Robbery Victim Loses Chance To See Sick Mother

Chicago, July 24—(P)—Three young purse snatchers today robbed a woman of \$625 and perhaps her last chance to see her 86-year-old mother, ill in Hertenberg, Germany. She had just obtained the money by mortgaging her home.

Mrs. Anna Rapp, 54, said her purse was taken while she was changing street cars. She had just left a local bank after getting the money.

As she stood on the curb, she said, two youths jumped from a car and wrenched her purse from her hand. She said one of the youths was armed with a pistol and threatened her.

Mrs. Rapp, wife of a janitor at Northwestern University, said she had planned to buy a plane ticket for Paris with the money. Now she will have to cancel the trip.

She was to leave next Wednesday.

West Allies Expanding Air Supply Bases

By George Bria

Berlin, July 24—(P)—The Americans and British are swiftly expanding air bases in western Germany to handle combat planes while their diplomats seek a peaceful solution to the Berlin crisis.

An Associated Press survey showed today that airdromes in the west are being enlarged for huge bombers and jet-propelled fighters as well as swarms of air-lift transports.

The transports, flying more and more supplies to Soviet-blockaded Berlin, will gain time for the western power negotiations with Russia. The bombers and fighters apparently will be ready in case negotiations break down to the point of war.

Prepare For B-29's, Jets

Some of the airfield expansion projects were forced by the aerial supply of Berlin but others are clearly designed for use by giant B-29 superfortresses and "Shooting Star" jet fighters.

Thirty superfortresses already are in Germany and 60 more recently arrived in England. A total of 100 jets are en route to Germany, 16 flown across the Atlantic to England last week and 84 others being shipped by sea.

Runways are being lengthened, widened or otherwise improved at Wiesbaden, Fuerstenfeldbruck, Neubiberg and Kaufbeuren and an entire new landing field will be built by the Americans in Berlin.

Trying To Force Dictatorship

Taking note of Russian offers to feed and supply power to western Berlin, Maj. Gen. E. O. Herbert, British commandant, said the Soviets were using their hunger blockade to force a Communist economic dictatorship on the city.

The announced American goal of 4,500 tons of cargo daily could provide western Berlin with "all the essentials" according to American military government experts. They estimated the three western sectors needed 1,200 tons of food a day and expressed hope 3,000 tons of coal daily could be brought in.

The Royal Air Force today flew 227 flights into Berlin "with the highest tonnage so far recorded" for the British air-lift, British authorities said. The tonnage was not disclosed, but was estimated at about 1,000.

The U. S. air force flew 1,586 tons in 279 sorties. The tonnage was only 52 less than the record set Thursday.

U.N. Will Hear Story Of Battle On Atomic Control

Lake Success, July 24—(P)—The United States will tell the United Nations assembly the full story of its deadlock with Russia over the atomic bomb. There are indications the U. N. then will ask the assembly: now what?

These pointers on United States plans for the assembly meeting in Paris in September came from informed sources who have watched the two-year effort of the western powers to agree with the Soviet Union on international atomic energy control.

Mr. Truman reaffirmed that the U. S. will disclose atomic secrets when Russia and other nations join in a "workable" system of control. That was one of the cardinal points in the atomic control scheme advanced by Bernard M. Baruch, U. S. delegate, at the first meeting of the United Nations Atomic Energy Commission June 14, 1946.

The United States and the majority of the commission want atomic control by an international authority free from the Security Council veto. They also want full and free inspection. The U. S. has agreed in U. N. debates to dispose of bombs when a satisfactory control system is working.

Mad Gunman Captured

Ending the greatest manhunt in Ohio since the days of John Dillinger in the early thirties Sheriff Roy Shaffer of Van Wert county, Ohio, (right) holds captive Robert M. Daniels (center) of Columbus. Daniels is reported to have confessed seven murders in two weeks in partnership with John C. West, 24, of Parkersburg, W. Va., who was slain in the capture. Man on left is unidentified.

Three Ohio Counties Pleading For Right To Prosecute Killer

Celina, Ohio, July 24—(P)—Robert should succumb, the sheriff said, "Murder" Daniels, 24, sulked in a Celina cell today as three Ohio counties—in which he and his gunnappy pal killed six persons in 14 days—pleaded for the privilege of prosecuting him.

The body of his partner in the two-week spree of wanton killings, 22-year-old John C. West, was en route to Parkersburg, W. Va., for burial.

West was shot to death, and Daniels captured, as the two tried to force a road block near Van Wert, yesterday. Two officers were wounded by West before the former convict went down with a bullet between his eyes.

As Daniels signed a confession last night to the killing of four men and two women, from four different families, he told Sheriff P. Roy Shaffer of Van Wert county, who captured him:

"Maybe it would have been better if I had been shot too. I'm going to burn, anyway."

Sheriff Shaffer today called a conference for early next week with prosecutors from Richland, Franklin and Seneca counties, to determine where the young slayer shall be tried. If Police Sgt. Leonard D. Conn, shot through the chest by West in the road block battle,

Early arrivals, including Republicans and all shades of Democrats, are strangely silent, or talking only off-the-record.

"This is Mr. Truman's show," one told a reporter. "It's up to him to put on the first act. We'll see who gets the applause before the curtain goes down."

Talks with about 20 of the 96 senators already here indicate that very few anticipate any major additions to the record that the GOP-controlled congress completed June 19.

Most of the lawmakers expect to be in session about a month. They expect the president to demand action on 10 or 12 bills, topped by some type of government price controls and long-range housing.

Republicans say they will listen, conduct some hearings and debates, and come up with pretty much the same decisions they reached at the recent session.

U. Of I. To Accept Few Applicants In Medical School

Chicago, July 24—(P)—The University of Illinois College of Medicine said today it would be able to accept only one out of every five applicants for its 1948-49 freshman class. Applications total 845, but only 166 have been accepted because of limited classroom and hospital facilities, the university said. The number of applications marks an all-time record.

Lawmakers Expect To Get Little Done In Special Session

Washington, July 24—(P)—Congressmen were in a wary mood as they began arriving today for the special session that President Truman called to open Monday.

Early arrivals, including Republicans and all shades of Democrats, are strangely silent, or talking only off-the-record.

Mrs. Patterson, Noted Publisher, Found Dead

Washington, July 24—(P)—Death wrote "30" today to the career of Mrs. Eleanor Medill Patterson, publisher of the Washington Times-Herald.

She was found dead at her home in nearby Marlboro, Md., apparently having been stricken while reading.

The lights were still on in her room when her maid, Eva Borowik, went to her bedroom about noon today to deliver a message from one of the Times-Herald editors.

Mrs. Patterson, widely known as "Cissy," had suffered a heart attack about two years ago. She spent three months recuperating then resumed active newspaper work.

Sixty-three years of age, she was the daughter of Elinor Medill and Robert Wilson Patterson. She was the granddaughter of Joseph Medill, founder of the Chicago Tribune.

Airlift Transport Crashes, Burns In City Of Berlin

Berlin, Sunday, July 25—(P)—U. S. transport plane engaged in the air-lift to Soviet-blockaded Berlin crashed and burned early today in the city area of Berlin, officers at the Tempelhof airfield reported.

The plane, a two-engine C-47, was coming in from Wiesbaden. The cause of the accident was not immediately known, nor was the fate of its crew.

Officers at Tempelhof said the plane exploded when it struck the ground. The scene of the crash was Wilmsdorf in the British sector of the four-power city.

It was the second major crash of an American plane since the start of the air lift operation to feed 2,400,000 Berliners over the Russian land blockade of the western sectors.

Two weeks ago another U. S. transport, a two-motor C-47, hit a mountain peak near Frankfurt. Its three-man crew was killed.

Discloses New Tests On Eniwetok

by Frank Carey

Washington, July 24—(AP)—President Truman said today that he has ordered every effort to keep this country's "leading position" in the atomic field.

He further said that recent tests on Eniwetok atoll in the far Pacific "demonstrated beyond any question that our position in the field of atomic weapons has been substantially improved."

At the same time, Mr. Truman said that he had not given up hope of eventual, workable, international control, under which military use of the A-bomb could be prevented.

Russia, he said, is the stumbling block to progress toward such control.

Must Keep Secrets

And pending world control, "we cannot as a nation afford to disclose the secrets which make this new force the most deadly form of military weapon."

The president's remarks were contained in a statement in connection with the fourth semi-annual report of the atomic energy commission to congress.

"Our government has sought," Mr. Truman said, "through its representatives on the United Nations atomic energy commission, to find a common basis for understanding with the other member nations."

However, the uncompromising refusal of the Soviet union to participate in a workable control system has thus far obstructed progress."

Truman Explains Commission Report

Mr. Truman said the commission reports "that recent experiments hold out the promise of more efficient production on the farm and in the factory and of an increase of mechanical and human energy for doing the world's work."

In its fourth semi-annual report to congress, the commission:

Declared that the recent Eniwetok tests of three atomic weapons of new and improved design "confirm the fact that the position of the United States in the field of atomic weapons has been substantially improved."

Disclosed that the Eniwetok tests involved "nuclear explosions," presumably bombs—thus indirectly discrediting speculation that the tests involved non-explosive weapons.

Industrial Use Not Near

Said industrial power from the atom may be a decade or more away.

Described some already-established benefits and potential benefits from "isotopes"—radioactive or stable by-products of a-bomb development that are used for "tracer" research in many fields and some even for the direct treatment of certain diseases.

With these isotopes, the report said, the biologist, for instance, finds he has a new way of getting at the most fundamental facts about life processes."

Researchers "are building up, bit by bit, a new understanding of the dynamic processes of life."

Your Dollar Is Worth Half Of Its '39 Value

By James Marlow

Washington, July 24—(P)—Your dollar—compared with what it would buy in August, 1939—is now worth only 57 cents.

That's the point behind the government's announcement that living costs have now reached an all-time high.

The Bureau of Labor Statistics said yesterday the cost of living is now 74 percent above what it was in August, 1939.

(The bureau gave that figure for June 15. It's figures are always about six weeks behind time.)

But how does the government know how high living costs are?

The bureau has about 125 people working for it around the country. In at least 55 cities every month they check on the price of things that middle-class families buy or pay for.

Where Does It Go?

What kind of things? Food, cloth-

ing, fuel—that means electricity, gas, oil, coal, oil—house furnishings, street car fares, and so on.

All these things are figured in groups. For example, food is in one group, clothing another, house furnishings another.

The prices of the different items in the different groups are averaged out to arrive at the cost of living.

The biggest rise in the cost of any group since August, 1939, has been food. It has gone up 129 percent.

In the food group, the biggest rise was in meat. It's gone up 167 percent since August, 1939.

Compared With Pre-War

(Present prices are compared with last month of peace before World War II. After that prices started going up and have been rising ever since.)

This will show what the rise in other groups has been since August, 1939:

**SPECIAL SESSION PROMISES
OVERDOSE OF POLITICAL VENOM**

With President Truman's recall of Congress, the boo-
-prize campaign will begin in earnest. Right now it looks
as if the President had Congress over a barrel. But it is
certain that the Republican strategists will do everything
they can to try to make this maneuver backfire on Mr.
Truman.

The maneuver is frankly political. The President has
called the 80th Congress "the worst." Now, he says, this
special session is "the test." He is calling it to get action on
a lot of hot-potato issues like high prices, housing, civil
rights and minimum wages. These are urgently important
measures left among the 80th Congress' unfinished busi-
ness. But they surely will not be considered with the states-
manlike deliberation that they deserve, if indeed they are
considered at all.

Mr. Truman is making the record of this Congress
the principal target of his campaign. And its unfinished
business will be the bull's-eye of that target. He obviously
hopes that anything the special session does will react to
his advantage.

All that a President can do, of course, is to summon
Congress into special session. He cannot force the members
to act once they have assembled. He cannot prevent them
from adjourning the day after they meet.

But if Congress adjourns without action, Mr. Truman
will have won his point. If it fails to consider major legis-
lation, or defeats any or all important bills that are pre-
sented, he will have scored again. And if the legislators
should pass a civil rights bill, or up the minimum wage to
75 cents, or pass the Taft-Hartley-Wagner Housing Bill,
or impose any sort of price control, he would undoubtedly
take credit for it.

The Republicans' difficulty is that some of the things
Mr. Truman asks are also in their own platform.

If this Republican Congress does anything, it will
probably draft bills to cover some of these important mat-
ters, and then wait hopefully for Mr. Truman to make a
mistake. For then it would be the wisdom of Congress
against Mr. Truman's wisdom. And unless the new laws
were grossly inadequate, the Republicans would probably
not only defend them vigorously but also attack the Presi-
dent for trying to dictate to a body which, in the end, has
greater authority than his own office.

There is no certainty that Congress will do anything.
It's campaign time and they will be in no mood for work—
especially at the height of a Washington summer. All the
Republican members and most of their Southern Demo-
cratic colleagues are hopping mad at Mr. Truman. They
certainly won't want to work at his behest, especially since
it is clear that he is trying to put them on the spot.

So all signs indicate that the special session will be
drenched in political venom. It promises to be a free-for-
all, with insults flying thick and fast from both ends of
Pennsylvania Avenue. Since the campaign will be bitter
enough at best, and since critical world events, which take
no time out for American politics, will be demanding our
highest governmental wisdom, it may be best to hope that
under the circumstances the session will be brief.

**Political Baby Born
In Convention Hall**

Philadelphia, July 24 —(P)—The young mother—she couldn't have been more than 20—calmly pulled out a plump breast and fed her three-month-old child.

Nobody in the crowded corridors of Convention Hall last night paused to stare at her.

An elderly bare-footed man padded past her without a glance. A 71-year-old lady who had driven 460 miles in one day to hear Henry Wallace didn't even see the young mother. She asked only:

"Where can I send a telegram to let my folks know I arrived here all right?"

A weary crippled man, body bent into a lifelong question mark by illness, sat unheeding in a wheelchair.

"Goat Lady" Pickets Hall
In a side corridor of the vast hall 69-year-old Mrs. Katherine DePaula, known as the "goat lady" of Miami, Fla., walked back and forth carrying a wooden sandwich board sign which said on her back:

"Fear, trust and love God—wisdom with all your might."

"Americans have false gods. They trust the dollar more, and worship demon nicotine. Therefore they have degenerated and cannot comprehend the true God."

"Repent! Repent! Repent!"

This was the setting last night as America's newest political baby, the party of former Vice President Henry Wallace and Sen. Glen Taylor of Idaho—was born under circumstances confusing to any hospital.

They named the child, born on the wrong side of the political railroad tracks "The Progressive Party."

10,000 Watch Event
The father, however, was named Anger, and the mother was Fear. The baby itself was a cross-section of American discontent and post-war frustration. But the 10,000 faithful who saw the baby born thought its godfather and godmother were—Mr. and Mrs. Hope.

The birth took place amid hill-billy music, strummed on a guitar, and powerful pleas for world peace and an end to race prejudice in the United States. There was fervor and evangelism.

An old man and his wife clapped loudly at a speaker's demand for a \$100 a month pension for the elderly. A young man in a polo shirt wearing a white handkerchief around his head ran up and down the center aisle cheering a platform condemnation of the draft and universal military training.

Minorities Fled For Equality
Representative of 19 nationalities within the pattern of the American melting pot were there, and they were calling for an end to political and economic discrimination against racial minorities. And they put the dark problem of the Negro first. The keynote speaker was Charles P. Howard, an Iowa Negro lawyer.

But the galleries—Philadelphia is only one hour and a half by train from Manhattan—cheered loudest the demand by Rep. Leo Isaacson of New York City for an immediate lifting of the embargo against the shipment of arms to Israel.

There was no doubt that the new political baby was a "people's party." Many of the delegates were so short of cash they hitch-hiked here. Large numbers slept in automobiles to save the price of a hotel room.

Pro's Run Convention
They had depth of feeling, they had enthusiasm—but for all the hill-billy musical atmosphere they were guided by no amateurs. The speeches bore the marks of polished literary skill.

A group of Philadelphia policemen who had guarded all three po-

litical conventions here talked this way about the Progressive party:

"Why did she have to pull out her breast in front of all those people? The baby should have been in bed anyway."

"These People Are Screwballs"
"These people are screwballs. We ought to put bars around the place and keep them all in here."

"God help us if these people ever come to power."

"No, they aren't so screwball. A lot of them are smarter than the Democrats and Republicans."

Inside, the Progressive party, born in a year of fearful crisis, was adjourning to the tune of "we are the people's party."

Mrs. DePaula, the "goat lady," turned toward the outpouring delegates.

"I wish that all obey God and nature—then we be happy," she said.

A former midwife herself, she knew nothing about the political birth within the hall.

The second world conflict the United States has witnessed this century stopped a little less than three years ago. Twice in the twentieth century, our young men have heard the call to duty. Twice they have responded. Twice they have gone forth to the far-away fields of battle and have given all they had to give to their country.

"Country" means one thing to the poet, another to the politician, and still another to the philosopher. But to the citizen-soldier who has left his job, his family, and his hopes, the word means something else. That meaning is simply home.

Morgan county boys responded to the call of arms with the zest of all youth. They were scattered to the four corners of the globe, and some found eternal rest from this strife-torn world in isolated fields of battle, forever glorious because of American blood shed there.

Many of our glorious dead have come home. Others will come. There is little any mortal can do or say to show his appreciation for their supreme sacrifice.

To attempt to express community feeling, the American War Dads have urged all communities to observe the return of the fallen heroes by placing the American flag at half-mast. Mayor Ernest Hogland has endorsed this ceremony and has requested that all American flags in the City of Jacksonville be lowered to half-mast for three days whenever one of the boys returns.

Mayor Hogland said this: "Our flag is a symbol of all that constitutes our community. While our community stands, our flag will fly. It is only fitting and proper that our flag, the symbol of that for which these young men died, be lowered in all humility whenever a young man comes home."

**Filling Circus Stomachs
Is No Easy Assignment**

Some idea of the magnitude of the Cole Bros. circus coming to Jacksonville next Thursday was gained by the Journal-Courier in a chat with Florence Galt, vivacious young woman advance press agent for the big show.

Asked about the matter of feeding the circus performers and employees, she said that this is the job of George (Laughing) Davis, who supervises the Cole Bros. traveling restaurant.

He feeds nearly a thousand performers and working men three times a day; keeps so vigilant an eye on his stock of supplies that he knows if one can of corn, or peas, or tomatoes too much has been opened—and if so, why.

Meals Are Famous
He has never failed in over 30 years to serve a bounteous meal on schedule time through month after month of one-day stands, whether in Portland, Me., or Portland, Ore., or any other circus stop on the American continent.

Davis knows every detail about the "cookhouse" or kitchens, in which there are 70 employees, 26 feet of cooking range, a bakery, a grocery and a butcher shop, and the dining-room which will accommodate about 500 persons at one sitting.

How does he do it? His answer is system and economy. His staff, headed by Chef Harry Shingle, Second Cook Harry Riley, and Head Waiter James Finney, fall into line and work under his direction for the most delicious meals and the most efficient preparation and serving of any circus on the road.

Daily Market List
Hundreds upon hundreds of meals each day means the buying of great quantities of food stuffs. Steward Davis' market list usually demands:

350 loaves of bread; about 1,200 pounds of meat; six bushels of potatoes; four crates of eggs; 90 gallons of milk; 100 pies; 125 pounds of bacon; 30 dozen of sweetrolls and the same quantity of doughnuts; one crate of lettuce; two bushels of canned sweet potatoes; two cases of canned corn or peas; 30 gallons of ice cream, and 125 chickens. About 90 gallons of home-made soup is needed each day, and if sweet corn is in season, it takes about 1,200 ears to satisfy the demand.

Davis also buys fresh fish by the 100 pounds daily for the seals, and when fish is served in the dining-room, it takes about 400 pounds. All fruit in season is on the menu daily.

Buyers Go Ahead
Occasionally, Davis sends a buyer ahead of the show into the city to buy great quantities of this or that, for there must never be a shortage of food.

Breakfast is served as soon as possible upon arrival of the first train into a day's stand. Lunch follows between the hours of 11:30 a.m. and the last meal of the day is served from 4 to 5 o'clock, after which the dining tents are torn down, loaded into several different styled wagons and hauled to the "runs" where they are again loaded on the long, steel railroad flat cars, ready to leave on the first section for the next day's stand.

That next day's stand might be 150 or even 200 miles away. Still, breakfast will be served upon arrival and George (Laughing) Davis and his capable staff will again tackle another day of planning delicious meals for the Cole Bros. circus family.

Florence didn't say who washes the dishes.

Couple United

Miss Mary Ann Mika Weds John V. Deppe At Summit

Marriage vows were exchanged by Miss Mary Ann Mika and John Victor Deppe in an early June ceremony which took place at St. Joseph's church in Summit, Ill. The bride is the daughter of Mr. and Mrs. Frederick J. Mika of Chicago. Mr. Deppe is the son of Mrs. Nell Deppe and Louis E. Deppe of this city.

Bridal Party

Miss Angeline Paseka, cousin of the bride, served as maid of honor; Mrs. Joseph Mika and Mrs. Herbert Litwitz, bridesmaids; and Miss Georgiana Mika, bridesmaid. Sandra Lee Litwitz was flower girl, and the ring bearer was Freddy Mika.

Attending the bridegroom were Joseph Mika, brother of the bride, as best man, and Herbert Litwitz and Stanley Pencak, groomsmen.

Traditional White Satin

Given in marriage by her father, the bride was lovely in a classic gown of white satin. Her bridal veil was edged with family heirloom lace.

More than 200 relatives and friends of the couple were present at a reception held in the evening. S/Sgt. Deppe, who is serving with

ASHLAND

Ashland—Fred Hexter, Jr., motorist to Rockford on Wednesday and returned with a new car.

Miss Joanne Ranes, daughter of Mr. and Mrs. R. S. Ranes, has received her scholarship to the Normal university.

About fifty relatives and friends gathered at the local library last Wednesday night for a pot-luck supper given in honor of Mr. and Mrs. Elmer Kruse and daughter of Denver, Colorado.

Mrs. Hazel Shockey and son of St. Louis, Mo., are visiting at the home of her brother, George Thomas and family.

Mrs. Francis Marion entertained the Loyal Berean class of the Christian church at her home Wednesday afternoon.

JUVENILES DELINQUENT WITH DELINQUENCY

Southland—England—(P)—The county Juvenile court set up for a day's session with three magistrates, two probation officers, two welfare officers, two policemen, four court reporters and the clerk of court on duty. It developed that the only case was against a boy charged with failing to get a license for his dog. And the boy didn't show up.

The New York police force is more than three times the whole population (5,000) of Andorra, the tiny Republic in the Pyrenees between France and Spain.

PAISLEY SHAWLS

Remember when a Paisley shawl was a part of every well-dressed woman's wardrobe? Formerly made in Paisley, Scotland, they are no longer worn. Instead, prized as heirlooms, they serve as wall hangings or grace the piano, their rich colorings blending a bit of the past with our modern living.

Crowd Enjoys Summer Party at "Y"

Children from Jacksonville flocked into the Y.M.C.A. Friday night to attend the summer party. Invitations were sent to junior high and high school levels, and judging from the crowd, many of them attended.

Pictured above, seated at the table (left to right), are Patty Mills, Jackie Katz, Bob Fanning (not shown) and Ed Hill. This informal picture was snapped during an intermission in the music, furnished by a "Y" band.

Costumed waiters and waitresses worked among the candle-lit tables and brought to the patrons French-sounding entrees, translatable into "ice cream" and "chocolate sundae."

The club was patterned after "Club 17" held during winter months at the "Y".

Election Monday To Designate Sites For New School District

An election involving the selection of sites for schools in Community Unit School District No. 1, which includes the Franklin, Alexander and Nortonville communities, will be held Monday, July 26. Voters will ballot on the proposition to purchase Marquette hall at Franklin, which would be used as an extension of the grade school.

Plans for the election were explained by Attorney Bruce Thompson of this city, who has been retained as legal counsel by the new school board.

Mr. Thompson's statement of the purposes of the election were issued by Supt. Harry L. Fitzhugh of the consolidated district, as follows: "The Statute provides that no school site or building may be purchased or located without a vote by the voters of the District. So for the voters of Community Unit School District No. 1 have had no chance to select the school sites which it desires to use and you, of course, know that in the enlarged school district there are many school sites and buildings.

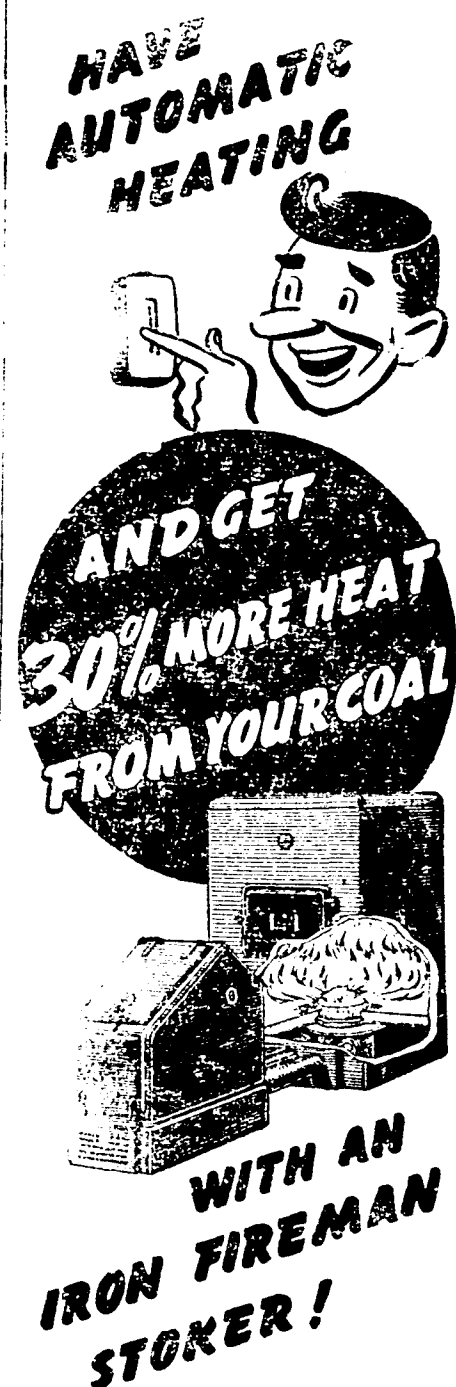

"The Board believes that the high school at Franklin and grade schools at Nortonville, Alexander and Franklin should be operated, and that such schools should adequately serve the entire district. All of such schools are already owned by the District, and the selection of such sites would entail no cost to the District, with the exception of the Franklin Grade School site, where it is proposed that the Board be authorized to purchase the adjacent Marquette Hall property to be used in connection with the Franklin Grade School.

"It is our understanding that the Marquette Hall property is deemed necessary in order to provide additional facilities for the Franklin Grade School, and that such building will be utilized for hot lunches, physical education and other school purposes.

"If the voters approve the four sites which will appear on the ballot, and if they further authorize, under the second proposition, the Board to purchase sites, the Board will then have authority to operate the four presently existing schools and to add to the Franklin Grade site the adjacent Marquette Hall property. As previously stated, such approval would entail only the cost of the Marquette site as the rest of the properties are owned by the District."

The gunwale of a ship is so named because in old fighting ships the rails had to be strong to meet the movement of the old muzzle-loading cannon.

Yes, 30% more heat—heat that you're NOT getting with hand-firing, even though you're paying for it. An Iron Fireman stoker can give you this extra comfort because it feeds the fire scientifically—from beneath—and maintains correct air supply automatically. Because it is automatic, it eliminates furnace drudgery—takes only a few minutes' easy work just once a day.

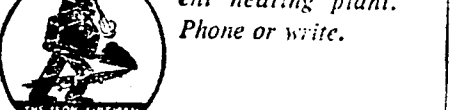

Installed in 2½ hours

Eliminate all the waste and labor of hand-firing in less time than it takes to see a movie. This Iron Fireman stoker can be installed so quickly the house won't even have a chance to get cold.

Perkins-Tarzwel Wedding Rites Held At Murrayville

Miss Lucibeth Perkins, daughter of Mr. and Mrs. William H. Perkins, 1044 South East street, became the bride of Leo Tarzwel, son of Jesse Tarzwel of Murrayville, Thursday morning, July 22, in the rectory of St. Bartholomew's church in Murrayville.

The Rev. Father D. F. Lydon, pastor, performed the marriage at 9 o'clock in the presence of members of the immediate families and close friends.

Bride In Blue
For the occasion the bride chose a dressmaker suit of pale blue shantung, with which she wore a picture hat of navy straw and navy accessories. An orchid corsage completed her costume.

Mrs. Roger Jacques, matron of honor, was attired in a suit of pale pink linen. She wore navy accessories and a corsage of pink and white carnations.

William Tarzwel, brother of the bridegroom, was best man.

Seventy-five persons attended the reception held during the afternoon at the home of the bride's parents. A tiered wedding cake, topped with a miniature bride and groom, centered the serving table which was also decorated with cut flowers and tapers. Mrs. Hayden Cooper served the cake and Mrs. Don Street poured.

For her daughter's wedding, Mrs. Perkins wore a white summer wool gabardine trimmed in gold, with black accessories and a corsage of red roses.

To Reside In Quincy
Mrs. Tarzwel has been employed in Springfield at the State Department of Public Health for the past five years. After a wedding trip through the northern states the couple will reside in Quincy, where the bridegroom is employed at the Physicians and Surgeons' Clinic as an optician.

Out-of-town guests were Mr. and Mrs. Claire Rowland, Mrs. George Arnel, Mrs. Hayden Cooper and Mrs. Donald Street, all of Rushville, Mr. and Mrs. O.C. Wood and Carol Jean of St. Louis, Miss Margaret Lonergan of Springfield, Miss Lucille Litman of Aurora, Neb.

Alcatraz, now the last stop for the nation's worst criminals, was originally fortified by the Spanish and was first used by the U.S. to house military prisoners in 1858.

CARROLLTON
Carrollton—Mr. and Mrs. Gilbert Storde, of Memphis, Tenn., who have been spending a vacation in Chicago, arrived in Roodhouse the first of the week and visited with his brother-in-law and sister, Mr. and Mrs. J. Martin Storde, who returned to Memphis but Mrs. Storde will visit here at the home of her aunt, Miss Mayme Andrews and at the Martin home in Roodhouse.

A. A. Schmitz of Marion arrived Friday to join his wife at the home of the Misses Schmelten and spend the weekend. Schmitz will also attend the sale of the Wolff properties Saturday, being the executor of the estate of the late Mrs. A. Wolff.

Mr. and Mrs. Reif and Mr. and Mrs. J. Powers went to Rushville Thursday to attend the Fair there. A horse belonging to Mrs. Reif was on the racing program during the afternoon.

Christy Valentine of Texarkana, Tex. arrived Wednesday to visit his mother, Mrs. L. C. Thompson. Wednesday evening Mrs. Thompson, her son, Christy Valentine, and Mrs. Rupert Valentine went to Greenfield where they visited the latter's son-in-law and daughter, Mr. and Mrs. Joe Powell.

Robert Kinser, Bennett Roodhouse, Miss Joan Daniels and Miss Martha Wehrly, representing the Greene County 4-H Club will attend

**Electricity IS CHEAP!**

1938**1948**

The case of the little "figure" that GREW TWICE AS SMALL

Ten years ago electricity was cheap. Today, when costs of living have zoomed up—about doubled—electricity costs less than ever. Now, it's about twice as cheap as it was in 1938! Through the years we have continually endeavored to bring you the best possible electric service, at the lowest possible price. We're constantly planning and working to improve and expand our facilities as rapidly as continued shortages in skilled manpower and materials will permit. And in the face of these difficult conditions, we continue to do our utmost to render the best service possible.

Today, the cost of electricity is so low, that—according to government figures—out of every dollar spent by the average family, only 1 cent goes for electricity.

Farm Buildings, Crops Damaged By Wind Storm

Jerseyville—Jersey county took another storm beating about four o'clock Thursday morning. Through-out the day reports of losses to farm

crops, orchards and buildings filtered into local insurance offices. The storm was the most wide spread of the current season of disturbances. The wind hit Jerseyville at 4:20 a.m. and blew with hurricane force for almost forty minutes. The gale arrived here from a northwestern quarter, although the direction of the wind which damaged areas in the southern part of the county came from a westerly direction.

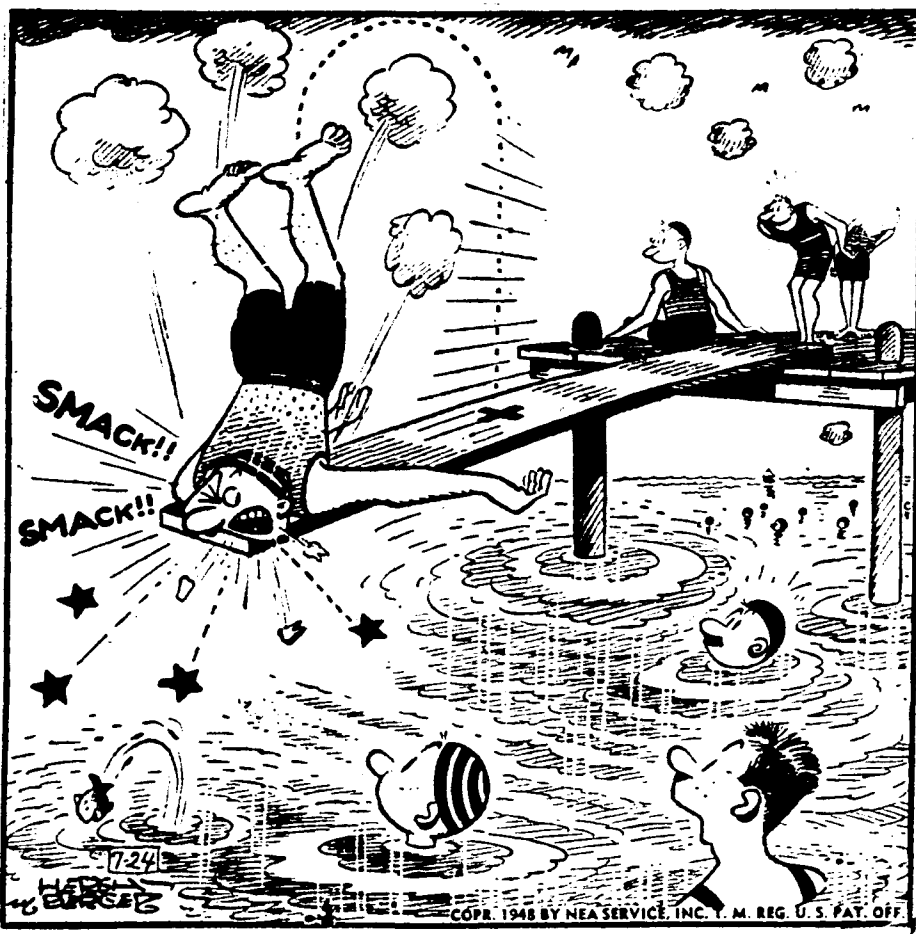

A large barn and other outbuildings at the Earl Watson place near the eastern edge of the city were wrecked by the wind. Trees were uprooted in several parts of the city and garages and other outbuildings were damaged by the falling debris. The storm cut a tornado like path through the village of Otterville. The residence of Melvin Gaddy was in the direct path of the storm which hurled a large tree onto the house, blew out windows and smashed porches. Northwest of Jerseyville, farm properties all felt the strength of the gale. At the farm northwest of here known as the Kallal place, a row of trees lining the driveway were uprooted and damaged, and similar damage could be observed at scores of farm yards where trees had been upended.

HOW TO STOP SPEECHES
Kedah, Federation of Malaya—(P)—If you don't speak the language, you might as well give up in a Kedah State Council meeting. Dr. I. S. Abraham, Indian unofficial member to the Council, was all set to address the Council in English. Then somebody reminded him of the rule specifying that all speeches be in Malay. The doctor couldn't speak Malay and had to sit down again.

C. G. Runyan Is Hillview School Superintendent

White Hall—C. Guy Runyan of LaHarpe has been named superintendent of the Hillview schools to succeed George Woods, who recently retired. He will also teach mathematics and English in the high school.

Other new teachers in the high school will include Paul Stewart, who will serve as coach and will teach physics, general science, and probably typing, and Dee Seely of Patterson who will teach history and biology. Stewart received his B.S. degree from Eastern Illinois Teachers college at Charleston.

Grade school teachers will be Mrs. Hope Hunnicutt, 7th and 8th grade teacher and basketball coach; Margaret Barker, 5th and 6th grade instructor; Elsie E. Dyer, 3rd and 4th grades, and Opal T. Duff, 1st and 2nd grade teacher. Walter Burbridge has been employed as janitor. School sessions will begin August 30.

Appointment of Allen R. McConathy of White Hall to a three-year term on the Farmers Home Administration county committee for Greene county was announced recently by George H. Reuss, state director.

McConathy succeeds Coy H. Mansfield, whose term expired June 20. Also on the committee are Roy S. Hettick, Greenfield, and Walter A. Pegram, Carrollton. A similar committee of three serves in each agricultural county throughout the nation in which the agency makes farm ownership and operating loans. Capt. and Mrs. R. M. Marshall and son, Bobby, of Camp LeJeune, N.C., left Wednesday for their home after a week's visit with relatives and friends here. The Marshalls were guests of honor at a dinner Sunday at Lions park, at which the following were present: Mr. and Mrs. Elam Wells, Mrs. Nona Owdon and daughter, Marilyn, Mr. and Mrs. Richard Hicks and daughter of Patterson, Mr. and Mrs. Richard Mc-

Lane and son of Vandalla, Eldon Owdon of Peoria, Charles McLane of Greenfield, and Mrs. Juanita Marshall and son, Gary, White Hall.

Large Crowd Attends Auction At Court House

A large crowd of bidders gathered at the Morgan county court house Saturday at 10 a. m. (CST) for the executor's sale of real estate. The estate of Eliza Ellen Cruzan was sold. In all, eleven parcels of land were placed on the auction block.

J. R. Cruzan bought nine of the parcels. Included in his purchases were the following: parcel one: house and garage, \$3,380; parcel three: modern house and lot, \$3,100; parcel four: nine room house, \$4,500; and parcels six to eleven, subdivided lots, \$1,000.

Carl Stubblefield purchased parcel two which has a house with a two car garage for \$3,020, and Mrs. Everett Patterson purchased parcel five which is unimproved land for \$800.

Russell J. Alvarez was the attorney for the executor and Roland Erickson and W. A. Doolin were auctioneers.

FRIED CHICKEN DINNER MENU

Fried Chicken with Country Gravy.
Green String Beans
Whipped Potatoes
Jellied Fruit Salad
Sliced Fresh Peaches with Whipped Cream
Ice Coffee or Tea

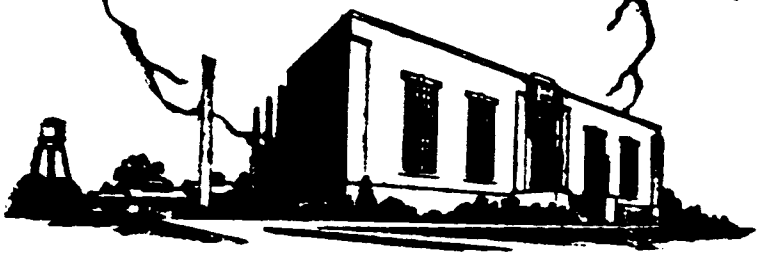

Preparing the Chicken

First clean and split chicken. Use the "paper bag method" for coating chicken with flour: place 1/4 cup of flour seasoned with 1 teaspoon salt in a grocery bag, then add chicken, a few pieces at a time, shaking the bag until the chicken is well coated.

Then heat 1 cup of fat in skillet. Now add the chicken and turn as it browns. When brown lower heat and cook until done (about 35 or 40 minutes). When the chicken is golden put it on a warm platter and decorate with watercress.

Tree Limb Falls On Hospital Roof

Carrollton — The roof over the women's ward of the Boyd Memorial Hospital was badly damaged early Thursday morning when a limb from a nearby tree fell on it during the severe electrical rainstorm. The limb, which was about 10 feet long, fell on the roof and broke into several pieces. The limb was removed by the fire department and the roof was repaired. The women's ward was closed for a few hours but was reopened later in the day. The limb was removed by the fire department and the roof was repaired. Wint And Whitfield Strong Combination In Middle Distances

By MILTON MARMOR

London, July 24.—(P)—A big man from the small island of Jamaica today entered the Olympic track and field middle distance picture to take his place at the side of America's strong striding Mal Whitfield.

The new ace is that of Arthur Wint, a University of London medical student who announced he'd attempt "the punishing task of competing in the 400 and 800 meter races as well as run a leg on 1,600 meter relay for the West Indies team."

Olympics Open Thursday

The games open next Thursday. On Friday comes the first round of the 800 meter run, now shaping up as one of the most important and exciting of all flat races on the night day track program. The semifinals are on Saturday and the finals on Monday, Aug. 2.

In deference to British religious feeling there will be no competition on Sundays. Much last minute work remains to be done before the 5,000 athletes can start competition in a "core of different sports." Half the contestants are here with a big influx due this weekend.

Whitfield, the army sergeant and an Ohio State sophomore, is entered in the same three events as Wint. The two big athletes have met each other amiably and worked out together.

Their aim for an unprecedented Olympic games double can be thwarted at best. In the 400 and 800 meter races, Wint must not only outpace Whitfield but also must defeat the finals but also must defeat the former Jamaican, Herb McKenley, the former Illinois University quartermiler, who holds world records for both 400 meters and 440 yards.

And in 800 meters they have run two heats and then, if they make it, the final against crack middle distance men of the world, the most prominent being Marcel Hansenne of France.

Hansenne, remained in the United States as a futile indoor runner, has turned in a 1:48.3 time for 800 meters this spring. Wint's best time is 1:50 even while Whitfield did 1:50.6 in winning the American tryouts.

Once again a bus wreck has claimed the lives of minor league professional baseball players. The disaster involving the Duluth club was the second serious mishap in the last year or so. Last season, you'll remember, it was a Washington organization which suffered a loss. It appears that this is a type of tragedy fans will have to learn to accept, although it's regrettable that something can't be done to stop the loss of promising young players.

All tickets for the Illinois-Army football game October 9 have been sold, recording the earliest sellout in 25-year history of Memorial Stadium which seats 71,119. Doug Mills, U. of I. athletic director, has announced.

Army's appearance at Memorial Stadium is its first since 1934 when the Illini scored a 7-0 triumph in the rain. The teams met before 65,000 in Yankee Stadium, New York, last season and battled to a scoreless tie.

Lou Vevanti, West Frankfort junior and center on the 1948 Illinois football team, will visit Jacksonville Tuesday, August 17, on the traditional Illini football poster trip.

Plans are rushing to completion for the sixth annual Illinois High School Coaches' clinic at the U. of I. August 16-20. What with Merle Crosby, Robinson high school, Ray Eliot, University of Illinois, and Harry Stuhldreher, Wisconsin, on the program, it appears that the "U" will come in for considerable discussion, although a single wing side order will probably be provided.

Two new Browne players will make their St. Louis debut Tuesday when the American League entry returns to Sportsman's Park for a long homestand. They are Joe Ostrowski, left-handed pitcher, and Richard Kokes, an outfielder, who both come from Toledo of the American Association.

Private advices from Iowa stated oats were making 50 to 100 bushels to an acre. Test weight was 30 to 40 pounds. Harvesting was making fine progress.

Wheat closed 1-1/2 lower, September \$2.03-1/2. Corn was 2 cents lower to 1-1/2 higher, September \$1.74-1/2. Oats were 1/2 to 2 cents lower, September 74-76, rye was 1/2 higher, December \$1.87-1/2, and soybeans were unchanged to 1 cent lower, November \$2.95.

Preliminary estimated receipts of grain in carlots here today: wheat 297, corn 70, oats 204, and soybeans 13.

Giants, Cubs Split Twin Bill; Cards Beat Braves 4-3

Chicago, July 24.—(P)—The New York Giants and Chicago Cubs divided a finely pitched double header today, the Cubs winning the opener 3-1, and the Giants coming back to take the nightcap 3-0.

A crowd of 37,885 saw Doyle Lade, recently recalled from Los Angeles of the Pacific Coast league, rack up his first victory of the season, holding the Giants to eight hits in the opener. Clint Hartung, handicapped by his own wildness and three Giant errors, was the loser, although he permitted only seven hits.

Dave Koslo outduelled Rookie Bob Rush in the nightcap. The little left-hander allowed only five hits, two of them in the ninth inning when the Cubs gave him his only scare. Losing pitcher Rush, Cliff Chambers and Bob Chipman were tagged for only six safeties, but three of them came in the fourth, furnishing the Giants with all their runs.

Jacksonville Blues Drop Loop Combat At Bluffs Field

Bluffs.—(Special)—The Bluffs baseball team, one of the M.S.C. loop's top clubs, pushed across four runs in the seventh inning here Saturday afternoon to clinch victory over the battling Jacksonville Blues.

Collecting 13 safeties off Drabant, Blues' chucker, the home team led all the way. Jacksonville did not score until the ninth inning, when a rally was nipped in the bud by the host hurler, Hatfield.

Bob Brohan led the visitors' attack with two doubles. Dunham, with three singles, was the big stick for the winners.

Bosox Trip Indians Twice As A's Take Over First

Boston, July 24.—(P)—Doing everything the hardest possible way, the rampaging Boston Red Sox caused an American league earthquake today by twice coming from behind to sweep a doubleheader from the Cleveland Indians, 6-5 and 2-1 today before an enthralled 34,129 crowd.

As a result the Indians, who had been in first place since June 1, dropped down into third as the Philadelphia Athletics took over the lead—by the slim margin of two percentage points atop the Red Sox, who now have won their last 11 starts.

In the eighth inning of the opener, during which the Soxers staged a two-run rally, Williams singled in Dom DiMaggio with the "clinch." In the seventh session of the nightcap, Ted lashed a two-bagger off the left-field fence against starter Sam Zoldak to drive in DiMaggio, who had walked, with the tying run.

That solid blow brought Bob Feller himself rushing out of the bullpen and he managed to make Junior Stephens fly to left for the second out.

But then Feller threw eight consecutive balls to pass Bobby Doerr and Sam Mele. The Cleveland fireballer was replaced by Russ Christopherson when he threw two more balls to Bill Goodman with the bases loaded.

Christopherson, making his second relief appearance of the day, was unable to find the plate and Williams was forced in with the winning run when Goodman was given two more wild ones.

The Red Sox got the first game underway in decisive fashion by greeting Bob Lemon, out for his 14th win, with a three-run opening inning. But the Indians stormed back against Jack Kramer for four runs in the second, two of them as a result of Lemon's one-on homer into the right field stands.

Lemon set the stage for his downfall by passing Goodman to open Boston's side of the eighth, with Cleveland leading, 5-4. Then, with two out, DiMaggio, Bill Hitchcock and Williams bashed consecutive singles and Christopher came to the rescue after all of the damage was done.

The Red Sox and Indians will wind up their series with a single game tomorrow when Ace Joe Dobson will vie with Cleveland's Steve Gromek.

Yanks Split

New York, July 24.—(P)—The New York Yankees lost a grand opportunity to gain on the American league leaders today when they could do no better than gain an even break with the cellar-dwelling Chicago White Sox, losing the second game 8-4 in 10 innings, after winning the opener 6-2.

As a result, the Yanks found themselves still in fourth place, a game and a half behind the third place Indians and two and a half in back of the American league leaders, Connie Mack's Philadelphia Athletics.

The Yankees came from behind scoring two runs in the bottom of the 10th to tie the score at 4-4. The Sox, however, came roaring back to grab four runs off Joe Page, the third Yankee hurler, in the 10th, to clinch the game.

Frank Shea, who was getting his "do-or-die" chance in the opener, earned another shot at a regular starting berth by holding the Sox to six hits. It was his first victory since May 31.

Five Afternoon Games, Three Night Combats Carded For First Day

Softball will be served to Jacksonville in the season's biggest dish Sunday as 16 of the 22 teams entered in the Amateur Softball Association's district tournament here opens play.

Second round contests will open and close Sunday's entertainment. And, in between, there'll be six good first-round encounters.

All told, there will be five games on the afternoon card and three more tilts Sunday night.

Announce Chart

Pepsi Cola from Jacksonville's A. loop and Myers Bros., from the city's A.A. league, open festivities at noon Sunday. The second encounter, at 1:15 p.m. (daylight time) matches two A league clubs from the host city, the Moose and the V.F.W. At 2:30 p.m. the Jacksonville Knights of Columbus tangle with the White Hall Merchants in a fray which should be one of the first-round highlights. The Nesco team from Jacksonville plays Carrollton at 3:45, after which the Phillips 66 Flyers of Roodhouse face the Murrayville Ramblers in what should be another good game at 5 o'clock.

Detroit plays the Jacksonville American Legion to open the night session at 6:45 o'clock. Bluffs and Winchester Pfeister Hybrid, two old rivals, clash at 8 p.m. The 9:15 nightcap brings together the Roodhouse Independents and the Jacksonville House of Clay. The House of Clay was the runnerup in last year's district.

Remainder Of Schedule

All four teams playing second round games Sunday drew byes through the first round. The remainder of the second round will be played in three-game sets on Monday and Tuesday, Wednesday and Thursday will be semi-finals for quarter-finals, while the semi-finals are carded for Friday. The championship tilt will be staged Sunday, August 1, at 8:45 p.m. and will be preceded by a junior league preliminary at 7 o'clock.

Jot Hill, Bert Elliott and Luther Taylor of Jacksonville will be joined by Boyd McDevitt of Loomis in officiating the tournament games.

Recreation club officials, hosts for the tourney, have stated that regular "pay-night" prices will be in effect through the eight sessions of the meet. This is the first time that this plan has been used.

The winner of the Jacksonville district tournament will face the Macomb Dodgers, winners of the Macomb district, in a two-out-of-three game sectional playoff at 12-13. All teams go through district play this season, no clubs by-passing that one of the series for a meet higher up the line.

Advance To State

The winner of the sectional here plays in the state A.A. tournament at Springfield August 22-25.

A novel preliminary game was provided by two of the teams from the Recreation club's junior league. The Amvets Juniors, second place team in the loop, upset the Squires in an 11-10 thriller. The Squires were unbeaten in nine previous league encounters.

Highlight of the opener was a first-inning over-the-fence home run by Jack Chapman of the Amvets. He drove in two more runs with his blast.

The winners collected nine hits off Tighe, while Day yielded eight to the Squires. The Squires had five errors compared with four for the winners.

Line score:
Squires 011 124 1—10 6 5
Amvets 312 410 x—11 9 4

Yesterday's Results

Last year's district winner here was the Murrayville team, which will be back to defend its title. And the sectional winner was Mt. Sterling, which, this year, will be in the district competition. Both teams are highly-rated and will be closely watched in their first contests.

Ample seating for this year's event has been provided by the erection of the new grandstand on the first base line.

Groundkeeper Everett Bote pronounced the diamond in excellent shape Saturday, after he had put finishing touches on the surface. Recent rains aided in preparing the field for the tourney.

Bitter Reprieve

THE STORY: Playboy Maren Sterling has stolen his wife's diamond necklace and handed it over as security on a \$10,000 gambling debt to racketeer Harry Blinde. To cover the theft, perpetrated while his wife slept, Sterling makes it appear a professional burglary. He spends the night at Edgewater Country Club to establish an alibi. Along with the necklace, he also took a sealed packet from his wife's safe. This turns out to be \$10,000 in cash which Miriam Sterling had withdrawn from the bank for him. Next morning Mrs. Sterling is found murdered in bed. At the club, Sterling gets rid of Miriam's cash by mailing it in a sealed packet to his secretary, Miss Wilson. Police Lt. Talent brings Sterling home. He is confronted with the body, the evidence of burglary in the library. Sterling is able to explain all his actions of the previous evening satisfactorily. The police try to uncover Mrs. Sterling's activities the day of her death. Sterling tells them Janet Weir has been murdered lunching with his wife.

CLATTER invaded the room from the driveway through the open window. Gable bounced from his chair and went to the window. "It's the newspapers," Gable announced. "They're setting up cameras in the driveway." "They'll want to shoot the house from every angle," Trapgood said. "Inside and out," Talent added. He addressed himself to Gable. "Sergeant, I imagine Gus Ripley and your man Cooper are holding them off out front. Mind telling them we'll have something for them if they'll be patient?" "Sure, Lieutenant," Gable appeared to enjoy stretching his legs as he went out of the room. "Just another point or two, Mr. Sterling, if you will," Talent said. He wanted to establish the time of the half-smoked cigar. "Do you happen to remember if you had the radio on while you were in here last night?" "Sterling didn't fully check his surprise, but there was no worry in his reply. "I happen to remember distinctly, Lieutenant, that I turned on the radio for the 11 o'clock news. That was only a short time after my wife went upstairs." "After the news program, did you shut off the radio?" Talent asked. "Why that question, Sterling wondered... asked point blank about it now, he couldn't remember turning off the radio, strange, with so many details of last night so clearly cut in his memory... but why could it be important... at least he was positive the radio wasn't going after he had come down from Miriam's room. He answered indifferently, "Yes, I went over and turned off the thing when it went into a jangle of music." That would be safe, he decided. He remembered there was music. Well, and that's that, Talent was thinking. He had finally got somewhere. Gus Ripley had told him that fat thumb-print of the cigar smoker was found clearly superimposed on Sterling's prints on the knob of the radio dial. A small point in a loud voice! Either Sterling was lying about not having a visitor to the library, or someone had sat in that chair smoking a cigar after 12:20 last night. Talent strolled, his long legs moving slowly. Trapgood got up and stretched. Sterling, encouraged, edged forward in his chair. "We'll have to take care of the newspaper boys," Talent said. "But first, Mr. Sterling, there's one bit of help you can give us. What would you say may have been taken from your wife's safe?" Sterling got up. "About the only thing I could be reasonably sure about is her diamond necklace. That got a lot of publicity, you may recall, when Mrs. Sterling's father gave it to her." "Yes, anything else you can think of that might have been in the safe? Money? Did she carry much money in the house generally?"

Police Nab Carnival Employee Who Admits Six Burglaries Here

A small time carnival operator came back to Jacksonville Thursday noon to reclaim a 1936 Pontiac automobile he had left with a local garage when the Sutton Shows left here nine weeks ago. He asked that the car be repaired as soon as possible.

During the two days needed to complete the work the Grace Methodist church and five business houses were burglarized.

The carnival man had checked out of his hotel and was preparing to leave town when police arrested him on Broadway alley at 4 p.m. Saturday.

To Wed Local Man

Mr. and Mrs. Elmer N. Bradley of Greenville, Ill., announce the engagement and approaching marriage of their daughter, Roberta, to Elmer Baum Lukeman, son of Mr. and Mrs. J. Clarence Lukeman of this city. The wedding will take place in early autumn.

Miss Bradley was graduated from the University of Illinois, where she was a member of Phi Beta Phi sorority.

Mr. Lukeman was graduated from the University of Oklahoma at Norman, Okla., where he was a member of Alpha Tau Omega fraternity.

Sandy Creek Camp Held This Week Near Patterson

Patterson—A summer camp for boys and girls of the Sandy Creek association is being held this week at the Bishop Dell school west of here.

Seventeen boys were enrolled at the boys camp, which was held from Sunday until Wednesday. The girls camp, which opened Wednesday, will continue through Saturday.

Miss Lucille Dawdy is camp director, and Mrs. Blanche Perkins of Murrayville is serving as camp mother. The Rev. Harrell Hall of Jacksonville is pastor. Teachers during the boys session were the Rev. Albert Craighead of Louisville, Ky., and the Rev. E. L. Smart of Murrayville. Teachers of the girls classes are Miss Ruth Hodges of Texas and Miss Joyce Crowley of Missouri.

Mrs. Nona Owdon, son, Eldon, and daughter, Marilyn, and Mr. and Mrs. Elam Wells attended a basket dinner held Sunday at Lion's park in White Hall, in honor of Capt. and Mrs. Bob Marshall and son, who are visiting here from North Carolina. Others present were Mrs. Juanita Marshall and Mr. and Mrs. Richard Hicks and daughter of White Hall, Mr. and Mrs. Lloyd McLane of near Eldred, and Mr. and Mrs. Richard McLane and son of Vandalia, Ill.

Closing Session Held Friday Night At 4-H Girls Camp

More than 150 friends and relatives attended a stunt night which closed the 4-H girls camp held this week at Nichols park.

The camp which opened Wednesday, was attended by about 70 girls. Also included in Friday's closing session was a nature talk given in the morning by Mrs. Clarence Kirchhoefer and a health talk presented by Mrs. Edith Leeper during the afternoon.

The staff of the camp included the following members: Mrs. L. A. Vasconcellos, 4-H leader, dormitory mother; Mrs. Russell Meier, swimming chairman; Miss Mary Lou Petefish and Miss Marjorie Stewart, former 4-H members, co-chairmen of kitchen detail; Martha Smith, junior 4-H leader, cleanup chairman; Mrs. Guy Coultas and Mrs. Stoner, cooks; Miss Virginia Vogen and Mrs. Mildred Seeman, craft leaders, and Miss Carol Piper, recreation and music chairman.

Saturday evening Bourland took officers to the spot south of the Illinois Power company sub-station. The loot was found concealed in the weeds near the brook.

Four business houses were broken into Friday night and early Saturday morning.

Bourland told police he was responsible for the heavy damage inflicted at Wagner's cafe on Morton avenue. The knob of the safe was knocked off and four remote selector boxes were broken open.

Enters From Roof

He said he gained entry into the Wise and Dowland farm implement store at 221-227 East Morgan street by climbing a telephone pole, dropping down on the roof of the one-story section of the building and then going through a window of the second story. Five dollars were taken from the cash register. Bourland also took a 38 calibre automatic pistol of foreign make.

In the adjoining office of J. W. Cully \$18 in rolled money and an Elgin wrist watch was taken from the unlocked safe. The piled-up cash register yielded \$30 and another Elgin wrist watch.

Bourland said he crossed Morgan street and broke into the Purdy cleaners drive-in, where he took a suit of clothes, four pairs of trousers and a MacMurray College class pin.

Find Other Property

All the property was recovered by the police. In addition, Bourland had a large number of cheap fountain pens, a new Corona Smith typewriter and a 22 calibre Remington automatic rifle.

Bourland said he crossed Morgan street in Missouri to come here after his automobile, which he had left with the Nash garage.

The arrested man appeared in the court of justice C. S. Smith on a warrant signed by J. W. Cully. Bourland waived preliminary examination and was placed under \$5,000 bond. He is being retained at the city jail for further questioning.

Chief Kiloran praised the zealous work of his men in their handling of the case. Reports on the four burglaries came into the office early Saturday morning and many of the officers forewent their normal rest hours to launch the investigations which ultimately lead to the arrest of Bourland.

DOUBLE SHOWER HELD AT WOODSON FRIDAY

A double miscellaneous shower was held Friday evening at the home of Mrs. Margaret Owens in Woodson, in honor of Miss Mary Haxton and Miss Donna Lamb. Miss Haxton is to be married, August 1, to William E. Daniel and Miss Lamb will be married in the fall to Gail K. Nunn.

Hearts were played and prizes awarded to Miss Irene Kormeyer. Mrs. Ethel E. Husted, Mrs. Helen C. Davis, Miss Mary Haxton, Mrs. Lelia Reynolds, and Miss Donna Lamb.

A color scheme of pink and white, with silver wedding bells was cleverly carried out.

Refreshments were served, then the brides-to-be opened numerous lovely gifts.

Those present were Mrs. Helen E. Davis, Mrs. Ethel E. Husted, Mrs. Lelia Reynolds, Mrs. Clara B. Hart, Miss Donna Burrus, Miss Irene Kormeyer, Miss Helen Brown, and Miss Haxton. The hostess for the evening was Mrs. Owens.

Sell War Housing Projects To Vets Living In Them

Chicago, July 24—(AP)—The sale of two war housing projects to veterans living in Walkerton and Connersville, Ind., was announced today by the federal government.

Orvil R. Olmsted, director of the Chicago regional office of the public housing administration, said 200 frame dwellings in Walkerton and 290 masonry dwellings in Connersville were included in the sale.

The Connersville sale is conditional until the city accepts outright dedication of all present streets, drives, parking areas, sewage systems, water and electric facilities serving the dwellings. Olmsted said.

The Veterans were assisted where necessary in making the purchase through various banking and loan agencies. The properties were eligible for mortgage insurance by FHA and loans by the VA.

Baptist Church Classes Hold Family Picnic

A joint family picnic was held recently by members of the Hattie Williamson Philathea class and the Baraca Men's Bible class of the First Baptist church. About 35 people attended the picnic, which took place at Nichols park.

The invocation was given by T. W. Biehl. Due to inclement weather, the scheduled entertainment was cancelled. Arrangements were in the charge of Mr. and Mrs. Forrest Crouse.

The Rev. and Mrs. Claire E. Malcolmson and son were unable to attend.

Arthur C. Pearson Reported Better At Our Saviour's

Arthur C. Pearson, 20 year old Jacksonville youth who was seriously injured in the automobile accident which killed Charles Twamley of Rock Island early Friday morning, one-half mile east of Ashland, continued to show improvement at Our Saviour's hospital. He was able to take some nourishment Saturday and X-ray studies of his head were completed.

Twamley's body was removed from the Gainer funeral home at Ashland. Funeral services will be held Sunday at Rock Island, his home town.

Joe C. Lintner of Chandlerville, Cass county coroner, conducted the inquest into Twamley's death at the scene of the accident, and returned a verdict of accidental death.

Witnesses were Carl Yancy, Charles Schaddell and William Don Gainer, all of Ashland.

Ralph Weber served as foreman of the jury. Other members were J. C. Yancy, Charles Foreman, J. T. Shelton, William Bast and L. O. Butler, all of Ashland.

Jacksonville Red Cross officials Friday got in touch with Pearson's base and informed navy officers of the accident. The 20 year old Jacksonville youth was scheduled to leave Tuesday to join his ship, the Providence, on the east coast.

U.S., Britain Will Back Airlift With Armed Force

By John M. Highower

Washington, July 24—United States and Britain prepared to back up a Russian attempt by force to shut it off.

This stand was disclosed today on excellent authority as top officials here and in London reviewed and began to put into action a week of historic developments in meeting the crisis caused by the Soviet blockade of Berlin.

The key to these developments is the expanded air freight program which officials now say was the outstanding accomplishment of the conferences held here over the past few days. Taking part in them were Gen. Lucius D. Clay, President Truman, secretary of state Marshall and other ranking leaders of the state and military departments and the joint chiefs of staff.

Only two alternatives to this gigantic and costly plane ferrying operation are seen here. They are: Still Hope For Peace

A peaceful solution of the Berlin crisis which—despite this week's professions of optimism—is still the hoped-for stage.

2. An outbreak of open conflict which, at the moment, also depends on Moscow plans and estimates yet unknown to the western world.

Generally Washington officials are somewhat more optimistic about avoiding an armed clash than they were this time last week. Russia was threatening then to put heavy flights of training planes into the air corridors. But even some of President Truman's closest foreign policy advisers feel he overestimated the outlook when he said Thursday that the chances for peace are excellent.

Big 10-Day Program Arranged For 92nd Illinois State Fair

Springfield, Ill., July 24—(AP)—The curtain rises Aug. 13 on the 92nd State Fair, Illinois' premier agricultural show. As in the past, this year's 10 day exhibition features a host of entertainment, educational and political attractions that figure to crowd strictly rural activities for the limelight.

A bangup political meeting is shaping up for Governor's Day, Aug. 19. Governor Earl Warren of California, Republican vice presidential nominee, is coming here to headline the affair.

Governor Green and U. S. Senator C. Wayland Brooks, on the same program, plan to hold their speeches short so Warren can have plenty of oratorical room. A huge crowd is anticipated.

Of course the fair's mainstay again will be the competitions among farm folk—the livestock events and contests in culinary arts, homemaking, handicraft and countless varieties of fruit, grain and other farm products.

Record Premium List

Officials say a record probably will be set in this phase. Upwards of 50,000 entries will vie for \$297,956 in premiums offered in 3,000 classifications of stock, poultry, vegetables and other things that farmers grow or make.

They look for 8,000 entries in the poultry show alone, the first since before the war. Poultry was banned from the 366-acre fairgrounds in 1946 and 1947 because of prevalence of highly contagious Newcastle's disease.

And there'll be the customary automobile, motorcycle and harness racing; society and western horse shows; and a raft of entertainment features, including nightly musical revues.

There'll be such popular standbys as the horseshoe pitching and Illinois typical farm family contests, along with the WLS barn dance on one night and well known radio productions.

New attractions are on tap, too. For example, an apprentice brick masons' competition and a "home tinkers'" show.

Large Crowds Expected

All this may send fair attendance over the previous high of 1,145,000 last year.

Visitors will find many improvements to the grounds, and some new buildings. Conrad F. Becker, fair business manager, said \$1,000,000 has been spent on such projects since last fall.

Most or all of the fair's 10 days will be tabbed for various groups, whose activities give a special flavor to that day's program.

The youngsters take over the first two days, Aug. 13, "Children's" and Aug. 14, "Youth Day." Members of boys and girls organizations will compete in hundreds of events ranging from livestock rivalry to contests in clothing design and band leading.

Veterans Day Aug. 15

Veterans Day follows on Sunday, Aug. 15, and Wednesday, Aug. 18, has been designated Democratic Day. Party officials haven't decided yet whether to stage a big rally.

Speed fans get their lining Saturday, Aug. 21, when a series of automobile races will be run off on the fairgrounds one mile dirt track.

The next day—and the fair's last—will fly again as a field of ace motorcyclists engages in a 25 mile duel over the same oval.

Major recurring attractions the five days starting Monday, Aug. 16, include grand circuit harness races, nightly stage shows in front of the grandstand and the society horse show.

Home Bureau Has Lesson On Health

Ashland—The Newmansville Home Bureau unit met with Mrs. Leslie Stowell on Wednesday afternoon.

The major lesson on health subjects was given by Mrs. Edgar Reimer and Mrs. Newman. A blouse cutting demonstration was given by Beverly Murphy and Hazel Gass. The Lucky Daisy 4-H club were guests at this meeting.

The Martha class of the Methodist church met at the home of Mrs. Ella Sinclair on Wednesday afternoon. Assistant hostesses were Mrs. Walter Sever and Mrs. Harry Way. Mrs. Walter Reimer, who is in charge of the devotions and Mrs. Walter Sever was program leader.

Mrs. Blanche Orr returned home here the middle of the week from a weeks visit in Kansas City, Mo., at the home of her aunt, Mrs. Katie Snowden.

Mrs. Wm. E. Bast and two children, Dianne and Dennis returned home Wednesday, after visiting at the home of the former's brother, Mr. and Mrs. Sam Danenberger, Jr., in Normal. Mrs. Danenberger recently underwent a surgical operation.

REMOVE VICTORIA

Dublin, July 24—(AP)—A statue of Queen Victoria which stood for 40 years outside Eire's parliament building was hauled down this week to make way for an automobile parking lot.

Sculptured by an Irishman who seemingly had little enthusiasm for the job, the rotund statue, with heavy scowling face, was widely derided as the nation's ugliest and "Ireland's revenge."

Credit for adaptation of animated cartoons to motion picture projection is given to Winsor McCay and J. R. Bray.

Local Residents' Infant Grandson Chokes To Death

Ten-months-old David Bammar, son of Mr. and Mrs. Lewis Bammar of Springfield, choked to death on a piece of bread the size of a marble Saturday morning at his home, 2624 South College avenue. He is the grandson of Mr. and Mrs. George W. Bammar, 762 South West street, this city, and Mr. and Mrs. Reuben Bates of Franklin.

Coroner W. L. Drago said the baby's mother said she stepped outside their home to hang up some clothes, leaving David on the floor with a piece of bread. When she returned 10 minutes later, the child was lying limp and pale. She summoned a neighbor who removed a wad of bread from the boy's throat.

The infant was dead upon arrival at St. John's hospital.

The child was born September 25, 1947, in Springfield. He is survived by his mother, father, one brother, Jimmie and his grandparents.

The body has been taken to the Gillham funeral home here, where the family will receive friends from 3 until 6 p.m. Sunday. Funeral services will be held Monday at 2 p.m. at the funeral home, the Rev. C. W. Leonard officiating. Burial will be in Diamond Grove cemetery.

Missionary Group Discusses Rural Church At Meeting

Murrayville—The rural church was the topic of discussion at the July meeting of the Missionary society of the Baptist church, held at the home of Miss Bess Haynes.

Devotions were led by Mrs. Elmer Smart, and the closing prayer was given by Mrs. William Jackson. Refreshments were served at the close of the meeting.

The next meeting will be held August 20, at the home of Mrs. Elvis Spencer.

Mrs. Florence Swales of Carbonate, Mrs. P. G. Stein, and Mrs. George Brown, both of Jacksonville, were guests of Mrs. Walter Helent Thursday afternoon.

Mr. and Mrs. Fred Simpson spent last week at the home of their son and daughter-in-law, Mr. and Mrs. John Simpson, and family of Great Bend, Kans. Mr. Simpson returned home the first of the week, but Mrs. Simpson remained for a longer visit.

Motorcycle Wreck Seriously Injures Morgan Young Man

Albert Slavens of Waverly received serious head injuries Saturday evening when he lost control of the motorcycle he was driving on and a half miles west of Waverly on Route 104. Slavens, who is 21, was taken immediately to Passavant hospital, where he was reported late Saturday night to be in a critical condition.

The son of Mr. and Mrs. R. O. Slavens of Waverly, he is employed by the Ford garage in that community. He was riding with a friend, Stanley Timmons, when the accident occurred about 5:40 p.m. standard time.

Dr. Harold Norris is the attending physician.

State Patrolman Staley Eiler investigated the accident.
